

## 10x20 Heavy Duty Pop Up Tent

### Product Overview

- Coverage: Provides 200 square feet of shade (10 ft x 20 ft), suitable for 4–6 ft tables and seating for 24–32 people.
- Construction: Features a commercial-grade full truss frame with 1mm thick square legs and reinforced cross truss for enhanced durability. The canopy is UPF 50+, waterproof, and blocks 99.98% of UV rays and rain.
- Easy Setup: Can be assembled in minutes by one or two people without tools. Includes three adjustable height settings and a thumb latch lock system for secure operation.
- Included Items: 10'x20' pop-up canopy frame, top cover, roller bag, heavy-duty kit with 18-inch ground anchors and ratchet straps.
- Safety: Recommended for installation on soft ground.
- Note: Delivery and installation are not included.

### Pricing

- Tent Rental: **\$125** per day
- Side Walls (Optional) **\$30** per day

## 6 Ft Heavy Duty Tables

### Product Overview

- **Portable & Space-Saving Design:**  
6 ft table (72" L × 29.63" W × 29.25" H) seats 6–8 adults comfortably. The half-fold tabletop and built-in handles ensure easy transport. Weight: 22.62 lbs.
- **Versatile Use:**  
Suitable for indoor and outdoor events, including parties, picnics, weddings, and meetings. The sleek white surface complements any décor and pairs well with tablecloths (Available for Rent). Ideal for dining, display, buffet, crafts, or temporary workspace.
- **Durable Construction:**  
Reinforced steel legs and a high-density plastic tabletop provide stability and support up to 300 lbs.
- **Effortless Setup & Maintenance:**  
Smooth, stain-resistant surface wipes clean easily. No tools required for assembly.
- **Note:**  
Delivery and installation are not included.

### Pricing

- Table Rental: **\$10** per day
- Heavy Duty Tablecloth (Black or White, optional): **\$10** per day

## Chairs

### Product Features

- **Multipurpose Design:**  
Suitable for indoor and outdoor use at banquets, gatherings, and dining events. Stylish, durable, and versatile.
- **Long-Term Durability:**  
Constructed with thick HDPE seat and back, and a black-coated steel frame for stability and aesthetic appeal. Supports up to 350 lbs. Complements any décor.
- **Ergonomic Comfort:**  
Ergonomically designed to provide strong back support and relieve spinal pressure.
- **Antiskid Rubber Feet:**  
Protects floors from damage and keeps the chair securely in place, minimizing slipping. Ideal for workstations, parties, and large events.
- **Portable & Lightweight:**  
No assembly required. Simply fold and unfold for quick setup and storage.
- **Note:**  
Delivery and installation are not included.
